

CUREFORSPACE

PROFESSIONAL ORGANIZING AND HANDYMAN SERVICES
SINCE 2004

On-Line Consignment Serving the Greater Austin Area and Beyond

How It Works:

1. Items or sets worth \$150 or more are recommended. Items need to be
 - in very good or excellent condition,
 - not offensive to the general public, and
 - viewed and considered sellable by Cure for Space.
2. A refundable listing fee holds item or set in consignment for up to one year. Multiple items of the same kind are accepted as a set.
3. You, the Consignor, keep the item or set until sold.
4. Cure for Space handles marketing and sales.
5. Cure for Space can handle merchandise transactions for you, either by
 - meeting buyer at location of item, or
 - by packing and shipping item to buyer.
6. Cure for Space appraises or has appraised any item for current market value.
7. In the event of a formal appraisal, a Certificate of Appraisal is available to the buyer at no additional cost.
8. Consignor and Cure for Space jointly determine selling price after Cure for Space has personally viewed the item/set.
9. Cure for Space offers services to
 - determine weight and size of the item or set,
 - determine descriptive information of the item or set,
 - generate high quality images of the item or set, and
 - ready, clean, and/or restore the item or set to be listed, if needed.

Consignor Pays:

| | |
|--|--------------|
| Listing Fee (required, refundable at point of sale)..... | \$10.00/item |
